

## **Update on Development of Statewide Bacteria Standards**

A Lyris List has been set up for those who wish to receive information and notices on the development of the proposed statewide bacterial standards for water contact recreation (REC-1) waters in the state of California. Go to [http://www.waterboards.ca.gov/lyrisforms/swrcb\\_subscribe.html](http://www.waterboards.ca.gov/lyrisforms/swrcb_subscribe.html) to subscribe to the list, which is named "Bacterial Standards Rec-1 Waters".

Additionally, in the first part of this year two CEQA scoping meeting (Northern and Southern California) will be held to seek input on the scope and content of the environmental information that should be considered in the development of these standards.

The contact person for this issue is Stephanie Rose who can be reached at [srose@waterboards.ca.gov](mailto:srose@waterboards.ca.gov) or 916-341-5574
