

Eighteen miles of the 110-mile Santa Ana River Trail are under the jurisdiction of San Bernardino County (from the Riverside/San Bernardino (R/SB) County line to the National Forest Boundary). The Regional Parks Division is currently working on three phases of development for the trail/parkway.

PHASE I – R/SB County line to La Cadena Drive (3.3 miles). Plans and specifications have been completed. A grant proposal (\$475,000) has been submitted to the California Department of Transportation (Bicycle Transportation Account) for construction funding (decision expected Winter 2002). Match funding has been pledged from The Wildlands Conservancy (\$200,000) and San Bernardino County (\$200,000).

PHASE II – La Cadena Drive to Waterman Avenue (3.5 miles). Funding for design and construction has been received from the San Bernardino Associated Governments (\$3.5 million), The Wildlands Conservancy (\$412,000) and San Bernardino County (\$274,000). Engineering design was completed November 2001 with construction in Spring 2002.

PHASE III – Waterman Avenue to Alabama Street (4.5 miles). Transportation funds from San Bernardino Associated Governments (\$1.6 million) have been awarded for the design and construction of this phase. In addition, The Wildlands Conservancy has pledged \$500,000 and San Bernardino County has allocated \$300,000 in match dollars. Work began on the environmental analysis Spring 2001. The engineering design will begin Spring 2002.

The remaining seven miles of the project will be addressed with future funding sources (Proposition 12 and 13 programs, Transportation Enhancement funds, private corporation grants and habitat enhancement programs).

SAN BERNARDINO COUNTY REGIONAL TRAILS

SAN BERNARDINO COUNTY

Acquisition

- 28 acres dedicated for staging area and natural park at La Cadena Drive in the city of Colton
- Expansion of The Wildlands Conservancy wetland site to create an additional park setting.

Upper Wash Development

- Feasibility Study
- Environmental Impact Report
- Threshold Parks and Alignment Study

Threshold Parks & Greenway Development

- Design and development of acquired land
- Wetlands restoration
- Design and implementation of the "E" Street/Waterman Loop Trail
- Design and construction of Phase I (County Line to La Cadena Drive)

Rivercenter at Featherly Park

- Located in Orange County
- Contribution to a multi-agency (State, Counties, Non-profit) resources and interpretive center
